

# Mr. King Fritz Three

4/23/1997 to 7/3/2006

Dearest "F,"

*You were one in a million of a horse, I used to love it when you would grab me with your head and neck and hold me close to you, like you were giving me a hug...*

*I loved the way you would be so gentle with people, never acting like a spoiled boy, just being your great gentle self, always.*

*I love now, seeing your sweet disposition in your sons and daughters. This year's baby "Dailey" is already showing your gentle, sweet ways. He's rearing out just like you, "Duke" from last year is the prettiest blue roan colt.... And the girls, beautiful roans too!! You had a great way of passing your best traits on to your get, stamping them forever as your own, and your legacy.*

*You were a great horse "F" you always gave 100% every time, and was always happy to do whatever was asked of you, from the show pen to the breeding shed.*

*Our time was too short..... and when the time came, I am so glad that you were taken so quickly—being ridden on Saturday night and gone from us by Monday morning. Whatever took you was more than all of us could stop, from the local veterinarians, to the specialist at Oregon State University. The virus was just so deadly, and so fast..... I hope you are as glad as I am that you were laid to rest at the ranch, in the broodmare field, so you can watch over your girls.*

*Sweet kisses on your cheek "F" run the green fields, and enjoy the sweet meadows as you have earned that right, here on earth... you will never be forgotten my dear sweet "F" horses like you are so precious and rare...*

*.....Janet Coleman*
